Description

Step inside this two bedroom semi-detached cottage and you immediately notice the balance of space and character. The porch opens into a hallway with room for coats and the staircase ahead, leading naturally into the heart of the home. To the left, the living room is surprisingly spacious, filled with light and centred around a charming fireplace. Moving through to the kitchen and dining area, sunlight highlights the solid granite worktops, while a gas hob, built-in oven and microwave combine style with practicality. An understairs cupboard houses the boiler while still offering plenty of storage space. From here, an open archway leads to the family room, where double doors open onto the garden, creating a seamless connection between indoors and outdoors.

Upstairs, both bedrooms impress with their size and character. The front bedroom is spacious and bright, easily accommodating a spacious bed along with additional furniture. The rear bedroom also comfortably fits a double bed and retains its own fireplace, adding charm and warmth, while the treeline and garden beyond provide a peaceful, private outlook. The bathroom is spacious and well appointed, featuring a corner bath, toilet and sink.

Outside

Located on Morris Street in Hook, the property enjoys a quiet and private setting in a desirable area. The rear garden is low maintenance and enclosed by mature trees, which screen the trainline below and create a serene backdrop. A brick built shed provides extra storage, and the front offers parking for two cars with additional spaces opposite for visitors. This home combines character, practicality and privacy, appealing to downsizers while offering a versatile layout for a variety of buyers.
